

M Line

M700

## The power of the cloud with exceptional pool-cleaning performance

### Floor, walls & waterline

Enhanced navigation & efficient cleaning of pool surfaces

### Wi-Fi® connectivity

Set and forget, or control your robot from anywhere

### Temperature sensor

Tells you the water temperature

### Filter gauge

Shows you 5 levels of filter status

### Powerful performance

Advanced features for a thorough clean with Maytronics Dolphin's superior scrubbing and filtering capabilities.

### Ease of use

Simple, plug-and-play operation takes all the hard work out of pool cleaning.

### Peace of mind

Industry leading warranty backed by a full trained network of service professionals for peace of mind - no compromise!

### Wi-Fi® connectivity

The MyDolphin™ Plus mobile app puts full control of your robot in the palm of your hands. Make your pool perfect, from anywhere, anytime.

# Dolphin M700

## Absolute pool-cleaning performance

Welcome to pool cleaning on a whole new level. The **Dolphin M700** robotic pool cleaner saves you valuable time with its intuitive operation and Wi-Fi® connectivity. Use the MyDolphin™ Plus app to customise cleaning schedules for your convenience. The **M700** was masterfully designed to deliver incomparable scrubbing. New features include a unique water temperature sensor and a filter gauge that accurately measures how full the internal filters are.

### World's first Climate Care Certified pool cleaner

- Reduce energy consumption by up to 83% / \$350 per year
- Reduce water wastage by up to 60–80%
- Use less chemicals from less backwashing
